

The Circular Plastics Alliance

CPA Monitoring System

List of approved auditing schemes/systems

The CPA Monitoring Secretariat reviews the applications submitted by independent auditing schemes/systems based on the evidence provided with Application Form B. The CPA Monitoring Secretariat issues a recommendation to the CPA Monitoring Working Group on the approval of the schemes/systems.

See below the list of the approved systems/schemes, continuously updated based on the applications received.

Data Generators and Collectors under the CPA Monitoring system can choose any of the approved auditing scheme/system in this list, to ensure they comply with the CPA Audit Framework.
